

LIMITED WARRANTY

Action Filtration, Inc. warrants that all of its manufactured filters are new and free from substantive defects in workmanship and materials. The liability of Action Filtration, Inc. under this Warranty is limited to the replacement or repair of any defective filter, at the sole option of Action Filtration, Inc. No other warranty, express or implied, is made by Action Filtration, Inc., and none shall be imputed or presumed. This warranty specifically excludes all incidental and consequential damages.

The foregoing warranty does not cover any damage to the filter itself, or to any machine or equipment resulting from: (i) improper installation of the filter; (ii) unauthorized modification of the filter; (iii) improper installation of the filter or the use of a filter incompatible with the equipment upon which the filter is being installed; or the (iv) improper storage, handling, or warehousing of the filter.

Action Filtration, Inc. warrants that its filters, when new and properly installed, will perform their intended purpose. Because filters are a degradable and disposable item, no warranty is made as to the length of time that the filter will continue to perform its intended function.

New filters may degrade if improperly stored. For that reason, Action Filtration, Inc. will not warrant any filter beyond one (1) year from the date that the filter is received by purchaser. In order to make a warranty claim, purchaser should contact Action Filtration, Inc. for instructions. No warranty claim will be accepted unless the original filter is returned to Action Filtration, Inc. at purchaser's cost. Repaired and replaced filters will be returned to purchaser with shipping paid by Action Filtration, Inc.
